

The Wainwright Star

VOLUME IX

WAINWRIGHT, ALBERTA, WEDNESDAY FEB. 21st 1917

NUMBER 19

SENSATIONAL LEAP SAVES DAVISON; BUFFALO IS DEAD

In the Buffalo park last Saturday Davey Davison had a narrow escape from death. He was in a corral with a number of the formidable animals feeding them, when one that had been infuriated with pain from a wounded leg, charged him. Davison immediately attempted to climb the fence but made a false slip and fell. The animal again charged him and Davison seeing that it was his only means of escape leaped over the buffalo landing on his back on the ground. This was his only security for before the animal had time to turn Davison made his escape through the gate of the corral. The buffalo again made a dash at the fence, and fell prone on the ground, dead. On examination it was found that he died of a ruptured heart. Davison, apart from a bad shaking up, escaped with his life.

INDEPENDENT ORDER DAUGHTER EMPIRE ELECT OFFICERS

The local branch of the Daughters of the Empire met in the Council Chamber last Saturday for the purpose of choosing officers for the ensuing term which resulted as follows: President—Mrs. G. Crampson; 1 Vice—Miss Gibson; 2 Vice—Mrs. H. P. May; Treasurer—Mrs. N. S. Kenny; Secretary—Mrs. A. G. Smith; Standard Bearer—Miss Denny; Echo Secretary—Mrs. F. W. Aykroyd.

The retiring officers wish to heartily thank all who have helped them in their work in their tenure of office, especially the merchants and citizens, who have given so liberally to their support.

Mr. E. N. Fraser, who was a business visitor to Winnipeg last week returned by Sunday train.

Mr. E. N. C. Tanguay, of Beau-dry's Limited returned to town after spending a few weeks at Montreal.

Elite Theatre, Friday, Feb. 23rd. "The Seekers" five reel featuring Flora Parker. Do not miss this one.

The management of the Florio Mill wish to announce that the mill is open for chopping only and the selling of feed.

Wanted—Smart girl to work in SEAT office, must have good education and can take charge of books, collections, etc. Apply at once to manager.

CHURCH NOTES

At the Grace Methodist Church next Sunday the services will be conducted by the pastor Rev. R. K. Swenerton. The young ladies choir will sing at the morning services. There will be the usual song service to the evening at 7:15. The choir will render a choice anthem. The Sunday school meets at 3 p.m.

St. Thomas Church, Sunday Feb. 25th First in Lent 11 a.m. Matins and Holy Communion 9:30. Sunday school 7:30. Evening song, Morning and Evening Prayers—The Vicar, Saturday 2:30 meeting of Chancel Guild.

St. Patrick's Church, Holy Communion Feb. 25th First in Lent 9:30. Sunday School 3 p.m. Evening song, Prayers—The Vicar.

WAINWRIGHT'S BIG BONSPIEL OPENS TODAY; TWELVE RINKS TO BATTLE FOR FINE PRIZES

Former Local Couple Weds

Miss Helen Morrison, formerly a resident of this town and a very well known and popular young lady, was married in Edmonton last week, to Mr. Robert Schmitt, also of Wainwright, and a conductor on the G.T.P. The marriage ceremony was performed by Rev. Dr. McQueen of Edmonton in the presence of a few of the most intimate friends of the young couple.

Home Cooking Sale Sat 24th

Sale of home cooking will be conducted by the Ladies Aid of the Presbyterian Church on Saturday Feb. 24, beginning at 10 o'clock in the afternoon. Home made bread, cakes, pies and many other delicacies too numerous to mention will be on sale. The sale will be served, come and patronize "Home Industry."

PETERS to EDITOR

In this column last week we published a letter from one signing himself "Rustie." Here we publish one from another who uses the same name but plume. They are two distinct persons.

To the Editor—Sir as a "countryed rustic" I would like thru the medium of your paper to convey my congratulations to "citizen" on his remarkable letter in your issue of the 5th inst.

During a life of varied experience it has been my lot to mingle a good deal among the vile, uncouth "rusties" or "rubes" in this and other lands. I was about to call them weak incipient, brainless, fossilized etc. etc. but "citizen" will teach them. For the present however I shall rest on the strength of "citizens" indictment, and shall not ask who are the jurors.

This "indictment" which serves a twofold purpose, is interesting to me in so far as it relegates us "uncivil, rude" "rusties" vulgar "under-bred" "countryed" to our proper sphere. With the other aspect of the matter I have nothing to do. We hardly know the meaning of such phrases as "knocking out" calling and appreciate the definition, and are grateful to have them attached to us by one so exalted as "citizen" must be. Nor can we overestimate the value to a community of one so "refined" "good mannered" "well bred" "cultured" "dignified" "sensitive" "idealistic" "sympathetic" as he.

There is one thing that bothers me, and it is this, when our sons enter the cities they very often become huge successes and leaders among men. This should not be, and we might petition "citizen" to divert his unbounded ability and wonderful vocabulary to a re-adjustment of the matter.

By the way of conclusion let me add that if any further indictment is necessary it will be found in the fact that we earn a living by the sweat of our brows, and incidentally support some others and gain them time to teach us, as "citizen" has done. Thanking you Mr. Editor, Yours truly "Rustie."

SGT. HARRY LAIRD MADE HIS WAY TO TRENCHES & HONOR

Sergeant Harry Laird, in a letter to his father Pete. Laird of this town, gives a bit of interesting news of how through persistent efforts he made his way to active service and secured his sergeant's stripes.

Harry enlisted with the 14th Battalion Band which was recruited in Winnipeg in the earlier stages of the war, after getting to the old country, his Battalion band was transformed into a recruiting band leaving Laird without a chance to get into active service.

He immediately transferred into the 14th Battalion as a private and got to the trenches. After getting into the front line and seeing through "some" engagements with the Germans, he was one day called out of the trenches and given his sergeant's stripes. The honor was entirely unexpected by Laird, as he was not conscious of having displayed any extraordinary bravery on the battlefield. Evidently his superior officers had been watching his conduct and considered him worthy, and the honor is all the greater when conferred for unobtrusive bravery.

GERMANY WILL AVOID OVERSTAY UNTIL VON BERNSTORFF ARRIVES

LONDON, Feb. 19.—The suggestion is made in the Birmingham Post that Germany will continue to avoid the overt act which will translate the diplomatic breach with America into a condition of war while Count von Bernstorff and his relations are on the high seas.

The ship has to pass through the British fleet, and the Germans, the Post says, would probably argue that the allies would neglect the opportunity of capturing the ship while it is in the high seas.

Band Making Rapid Progress

One of the valuable assets to the town of Wainwright is its ambitious Band. Under Mr. Beaudry's leadership the young musicians have been making rapid progress and more difficult and higher grade pieces are continually being attempted.

Last Monday night theatre goers reported a treat by the band in addition to the regular show. So highly pleased was the management of the theatre, with the results that it decided to have the band play each Monday evening show which no doubt will attract large crowds.

The latest movement of the band is the formation of a seventy piece orchestra symphony. Fifteen being already members of the band, two being added from outside talent in the persons of Mrs. G. H. Beaudry, pianist and Miss J. Straub, violinist.

BORN—Feb 20th, to Mr. and Mrs. Frank Dalgreen, a Daughter.

Wainwright Bonspiel begins today. Twelve rinks are entered, six local and six from outside points. It promises to be a very enthusiastic event, to the sport of Wainwright. Quite a number of prizes and cups are offered to be contested for. Local curlers are quite keen on winning many of them and the contests are likely to be close.

The six local rinks are as follows: Snyder, Washburn, A. H. Mills and Mann—skip; Pigeon, Fieldhouse, Brown and Bryant—skip; Headland, Bowen, Gilrie and Wanless—skip; Zinkan, W. E. Mills, Boyer and Herow—skip; Pierce, May, Gordon and Bothwell—skip; Gough, Hayner, Graham and Ferguson—skip.

The outside rinks are U.F.A. Hansen, Perkins, P. Dewar and Watson—skip; Viking 2, Jones McCathy—skip; Edgerton Murdock—skip; Chauvin, Lewis, skip; Ribstor, Giffenden—skip.

PRIZES

Grand Challenge—1st, Edmonton Brewery Cup and 1st glass bowl, value \$25; 2nd, 1st jack knives, value \$10; 3rd, Wainwright Stars, 1 yr subscription.

Calgary Brewery Competition—1st, Fountain pen, value \$20; 2nd, 4 boxes Promotor Cigarettes; 3rd, 4 scarfs, value \$8.

Consolation—Hudson Cup and 4 hats, value \$12; 2nd, 1 boxer Vase, 200 cigars; 3rd, 1 pair slacks.

Victors—Blair Cup and 4 Tharinos bottles—Between a picked outside rink and picked local rink.

Hard Luck—4 Scotch Caps. To rink winning least number of games.

The Daughters of the Empire will serve an elaborate dinner in the Wainwright Hotel dining room at 9 p.m. sharp, Thursday evening. All are invited to attend this spread. \$1 per plate.

Watch the Star Board for draws.

ANNUAL REPORT OF RED CROSS SOCIETY FOR 1916.

Report of Wainwright Auxiliary No. 546 of the Edmonton Branch of the Canadian Red Cross Society for the year ending Oct. 31, 1916.

Money Contributed	\$312.25
No. of cases of work	\$11.00
Value of work	\$180.25
Feb. 29 Campaign	\$131.95
Wounded Soldiers Campaign	\$93.50
May 31st 1916	
Auxiliary 546 was re-organized Nov. 3, 1916 with a membership of twelve, Mrs. S. R. Bowerman Pres. Mrs. S. D. Mills Secy. Since that date we have handled four cases of work, two of which had been received previous to Nov. 3.	
Membership fees	\$12.00
Mrs. Haynes and Mrs. Groat donations	\$2.50
Emanuel Rokeye donation	\$1.00
Proceeds of sale of Red Cross seals	\$30.15
Mrs. Lally donation	\$2.00
Schools	\$10.00
Dr. McQueen (Sec. of Red Cross Committee)	\$30.85
Total	\$91.50
Forwarded to Edmonton Branch	
December 11th	\$5.00
December 18th	\$37.00
January 22nd	\$46.85
Expenses—Express etc.	\$3.35
Cash on hand	\$2.30
Total	\$91.50
Books and receipts open for inspection	E. B. Mills Secy.

Daughter of Empire Do Good Work

Miss Gibson the secretary of the local branch of the I.O.D.E. receives a letter from Mrs. Helen H. Campbell of Winnipeg, president of the Manitoba chapter which relates how Mrs. T. Johnston and family was cared for en-route to Renfrew by that order. The local daughters placed her in charge of the G.T.P. conductor who on arriving in Winnipeg got in touch with Mrs. Campbell, who took Mrs. Johnston and children to her own home, cared for them over night and provisioned them for the continuation of their journey. Mrs. Campbell also wished the Port Arthur Daughters, to meet her there and see that she was looked after for the rest of her journey. The Daughters of the Empire are indeed to be congratulated on this splendid sisterly spirit of helpfulness.

Mr. and Mrs. L. D. Goldsworthy and daughter Marion were Edmonton visitors last week.

SISTER TOWN OF IRMA STARTS NEWSPAPER

The enterprising town of Irma has started a newspaper. The Irma Times. The first and second issues have come to our office. It is published weekly by F. G. Shannell, and F. W. Hutchinson, Editor. It is a very little sheet of 6 columns 8 pages and seems to be loyally supported by local advertisers. In welcoming "The Irma Times" to the press fraternity, we wish it long life and prosperity and may it prove a valuable enterprise to the people of Irma and district.

Tuesday Feb. 27th the Knights of Pythias will hold their first "At Home." All Sir Knights remember the date and bring your wife. Single Knights your sweetheart.

It is reported that Bob Harris a Gilt Edge farmer has enlisted in the Canadian Railway Construction Corps, and that if accepted his farm stock will be for sale in a few weeks.

Mr. W. E. Washburn who has been in Winnipeg on a business trip, returned home Sunday. "Wash" attended some of the big games of the "Peg Bonspiel" and reports having seen some glorious plays.

Mrs. W. S. Clark, past noble grand of the Adalene Rebekah lodge here is its special representative attending grand lodge session in Calgary. Mr. W. S. Clark is also in Calgary as a delegate representing Wainwright lodge No. 45 I.O.O.F.

CANADIANS IN HOSPITAL

MONTREAL, Feb. 18.—Among Canadian officers who have returned from the front in and are under treatment in the London hospitals are Majors G. M. Thomson, A. M. McEwen, D. M. Duncan and F. L. Stephen, and Lieut. F. H. Pond, the Gazette's correspondent in London cables.

GENERAL VON KLUCK the aggressive German leader

Convention Sets Date Of Local Fair For August 2nd and 3rd

The local agricultural society had a delegate, in attendance at the fair association annual convention held in Calgary last week, in the person of Mr. S. D. Mills, its secretary. Mr. Mills reports a very enthusiastic and helpful convention from the point of view of the betterment of the summer and winter fair of Alberta. Delegates were in attendance from all parts of the province, who will go back to their local societies with many valuable suggestions for the improvement, greater efficiency and usefulness of their district fairs.

Many important resolutions were passed by the association which will be of interest to our fair competitors. There was considerable discussion over the matter of "professional exhibitors" at fairs. These professionals are a great detriment to exhibitors. They go around to the different fairs with a few best picked exhibits and carry off the prizes for these to the chargin of local competitors. Steps are being taken to militate against this sort of thing, for which every exhibitor of Wainwright will be grateful at the next fair the date of which is set for August 2nd and 3rd this year.

Sacred Concert Sunday March 4th

The members of St. Andrews Presbyterian church choir will give a sacred concert of Service of song on Sunday evening March 4th. The best of high class music will be rendered. The program will consist of solos, duets, trios, quartets, and anthems.

The concert will be given at the close of the church hour 8:15 so that all may have a chance to attend. The general public will surely welcome this opportunity to hear a first class concert on Sunday evening. This choir has been receiving excellent training during the past six months and has been growing in efficiency. This is a new venture not only for them but an innovation in the town of Wainwright and it is felt that it will meet with due enthusiasm and appreciation by the public. There will be no admission fee but the generosity of each auditor will be appealed to by means of a voluntary offering. Watch for poster advertisement of this concert.

WEDDING BELLS

A very pretty wedding was solemnized before a host of relatives and friends at the home of Mr. and Mrs. N. E. Tunny, Edgerton, on Wednesday last, when their oldest daughter, Ella Martha, was united in holy matrimony to Mr. James Michie Lackberry, of Harris Saskatchewan.

The bride looked charming in a costly and beautiful dress of embroidered net over cream satin, and was attended by her sister Charlotte.

The groom's brother, Clarence Lackberry, acted as groomsmen. After the ceremony a dainty meal was served and a very pleasant evening was spent by all present.

The happy couple left for Saskatoon where a few days will be spent before proceeding to their future home, in Harris, Sask.

Mr. E. Harmon of Edmonton was a visitor in our town on business last week-end.

The convention also recommended that all societies insist upon receiving the entry fee with the entries and that no entry be accepted unless accompanied by the fee.

Agricultural societies holding seed, grain fairs, poultry or horticultural shows during the period from November to March 31st shall be allowed to secure the grant allowed to said fairs.

A resolution was also passed that the agricultural societies ordinance be amended to the following effect: Prize money shall be paid exhibitors and competitors in its entirety and no deductions herefrom shall be permitted other than a sum not to exceed \$1 in name of membership for one year. These are amongst the resolutions and recommendations which delegate Mills says the association were unanimous in making in the interests agricultural societies of the province.

During this convention, Mr. Mills reports a very enjoyable sojourn given in the Palliser Hotel, by some of Calgary best entertainers, for the benefit of the delegates.

Gopher Nuisance Being Combated

There is no special legislation in this province setting out methods or powers with regard to gopher extinction. All that is being done is being done by individual farmers and gardeners and the trouble is being more or less successfully met. A few districts on their own account give encouragement to children by giving premiums for the destruction of gophers but the remedy that is used with most effect is poison.

In answer to inquiries as to the best remedy to employ, the department commonly furnishes the following recipe as the one in which appears to be used with best results:

- (1) Mix thoroughly one ounce of strychnine alkaloid (powdered) and one ounce baking soda.
- (2) Sift this into three-quarters of a pint of this, hot starch paste and stir to a creamy mass. The starch paste is made by dissolving one heaping teaspoonful of dry gloss starch in a little cold water, which is then added to three-quarters pint of boiling water. Boil and stir constantly until a clear thin paste is formed.
- (3) Add one-fourth pint of heavy corn syrup and a tablespoonful of glycerine and stir thoroughly.
- (4) Add one-eighth ounce saccharine and stir thoroughly.
- (5) Pour this poison solution over twenty quarts of clean oats and mix thoroughly so that each grain of oats is coated. Prepare it twenty-four to forty-eight hours before using.
- (6) For mixing small quantities an ordinary galvanized wash-tub is convenient for; larger quantities a tight smooth box may be used, and mixing may be done with a spade.

A teaspoonful of the poisoned oats should be placed near ground squirrel hole on clean hard ground letting it scatter slightly as it falls.

(Placed in this way it will not endanger stock). Do not put the poisoned grain on the loose dirt of the mound or into the holes. Each quart of the poisoned grain is sufficient to treat about sixty holes.

GREATER PROFITS FROM CLEAN SEED

THE QUALITY of the seed grain sown on the farm next spring will depend upon the farmer himself. This is a matter which is entirely in his own hands. If good crops are to be expected, good seed must be sown. The farmer should prepare the seed now for the spring sowing. During the winter months, when other farm work is not pressing, is the best time to clean the grain for seed. The best grain grown on the farm should be used and it should be put through the fanning mill two or three times at least, or until all of the light or shrunk grain and the weed seeds are removed. There is a distinct loss in sowing weak seed, and it is much more profitable to screen out the shrunk and weak grain and feed it than to sow it and lose it. It is also essential that weed seeds be not sown if weed growth is to be prevented.

The increase in total yield is practically all profit. A crop of wheat from ordinary seed may yield 25 bushels per acre, and cost 20 bushels per acre to produce, leaving five bushels per acre, the increase in net profit is 20 per cent. The cleaning of the seed in spare time during the winter does not add one cent to the cost of production. When well cleaned seed is sown in place of ordinary grain, the grain yield is, of course, much more than one bushel per acre. The net profit has often been increased 50 per cent or even doubled. This is one way of increasing production and profit. Conservation.

WAR DEMONSTRATING EQUALITY

A NATION mobilized for war. That is the outstanding fact about the British Army today. In its ranks we see representatives of all the gradations of our many-sided civil life. The man engaged in one or other of the professions marches and fights, eats and sleeps side by side with the artisan or the miner. In the same regiment are the employer of the old peace days and the employed, farm hand and city dweller. Each contributes his individuality, the outcome of all he has been and done, the result is not soulless machinery, but living body. This is true generally. We do sometimes find a few insignificant can'ts usually never reach the danger zone or bear the brunt of battle where they would have a chance of showing their manhood, if they had any. It is true, generally, of the army in the present war that it has been a great leveller. All go forth clothed alike, meditated on the symbolism of clothes. They don the gray shirt and the ready-made khaki of the new era, and deposit the emblems of class distinction on a common rag-bag. Practically all find their level. Equality of opportunity has been presented and the inequality of man demonstrated.

UNFLINCHING FORTITUDE

WE HAVE BENT our neck to the yoke of organized State control in a fashion none of us ever dreamed of before. We are being governed by a committee of public safety. And yet, we have entered upon a new freedom, because our spirits are being released from the tyranny of mere things. But we are learning afresh that a man's life consisteth not in the abundance of those things which he possesseth—things, which, as they multiply, generally end by taking possession of him. We can endure the spoiling of our goods, not perhaps joyfully, but without flinching, if thereby we attain man's chief good, which is that his spirit shall be quickened so that he becomes more abundantly and vitally and intensely alive—British Weekly.

BRITANNIA'S SEA POWER

ADMIRAL JELICOE's statement that the British Navy today comprises, nearly 4,000 vessels of all classes is of a nature to gratify the people of the kingdom. It had been known for some time that the navy had grown tremendously since the war began, the losses suffered having more than been made good as a result of the activity in the shipyards. The fleet now is greater in every respect than it was before and the task of improving it proceeds without cessation. The British people after the war will be more than ever in a position to boast that their navy is unrivalled. It has out-distanced all others.—Victoria Colonist.

FREEDOM OF THE SEAS

GREAT BRITAIN must perhaps grant freedom of the seas says a Frankfort paper in outlining German peace terms. Freedom of the seas Germany had until her war lords went crazy; whether she ever has it again depends now on Britain's generosity.—Wellington (N.Z.) Times.

AMERICANS AT THE FRONT

THE LONDON estimate that 10,000 American citizens are serving with the Allied armies, chiefly in the ranks of Canadian battalions, doubtless is correct. The number is quite respectable considering that the United States is officially neutral and separated by the ocean from the continent on which the war is being waged.—Duluth Herald.

ALCOHOL IN WAR AND IN PEACE

IF THE LILUOR traffic is an evil in war time it must follow that it is an evil in peace. A traffic that impairs a country's fighting efficiency will also impair its industrial efficiency when that country is at peace.—Toronto Globe.

DOES THIS MEAN YOU?

ARE YOU allowing your stock to feed out of doors during the winter?

It will take two weeks feeding to recover the loss of one day under such conditions.

Think it over. Then come in and let us show you how little it will cost you to put up a building to shelter the number of cattle you own.

Have you received one of our Veterinarian books yet?

How about your machinery? What would you say to your wife if she were to leave her \$50.00 sewing machine out during the winter weather. Think it over.

Call in and see our Patent Grooved Roofing.

What's the Use of Missing So Much Pleasure that you Could Have?

YES, you can live without music and brightness and happiness and friends. But why should you, when these things cost so little and mean so much?

Lots of people, who said they "could do without an Edison Phonograph" before they owned one, now say they "could not do without it"—it has brought so much pleasure into their lives.

The appeal of the New Edison is universal. To those who love good music—to those who enjoy most the old songs—to those who prefer instrumental music—to the younger set and even to the children—the New Edison is a daily source of pleasure and recreation.

Great singers—famous actors and entertainers—bands, orchestras and instrumentalists—are ready to entertain you when you will. And the prices for Edison Phonographs and Edison Records are so moderate—the variety is so great—that there can be no question as to our ability to suit you. What's the use of missing so much pleasure? Get

H. E. NOBLE, Manager

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS

The act under a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in the Northwest Territories or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency), on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$5.00 per acre.

Duties—Six months residence in each of three years after earning homestead patent; also 60 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent on certain conditions.

A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$10.00 per acre. Duties—Must reside six months in each of three years, cultivate 60 acres and erect a house worth \$100.

The area of cultivation is subject to reduction in case of rough, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions.

My Best Friend

Is a mother who has once used Chamberlain's Cough Remedy. For the mother's point of telling other mothers about it, and they pass the news around. This has made Chamberlain's Cough Remedy a household favorite through the world. Just ask some mother who has used it what she thinks of Chamberlain's Cough Remedy—She will tell you that it enables her to get her children through the winter without serious illness from coughs, colds or croup.

"Gassy" Chamberlain's Cough Remedy. She will tell you that it is as thoroughly reliable for the youngest child as for the oldest members of the family. You can give it to the baby, the children going to school, or take it yourself, always with the same result—a quick relief.

Yours for Health—Gassy Chamberlain

MR. H. B. SHAW
GENERAL MANAGER
OF UNION BANK

At the annual meeting of shareholders of the Union Bank of Canada lately the important announcement was made that Mr. G. H. Bedford had retired from the office of general manager and that Mr. H. B. Shaw had been appointed in his place.

The bank has an important branch in London, England, and has also recently established itself in the city of New York. This latter move is no doubt brought about by the recent movement of banking and exchange business to the City of New York, which resulted from the economic disturbance following the war.

The new general manager, Mr. H. B. Shaw is well known to the business community of this city. He has, ever since of business age, been closely associated with the bank. Mr. Shaw has had very wide eastern experience, but the new appointment is particularly interesting to the west because Mr. Shaw is a western banker. His long experience of the country's banking needs as gained from positions extending from those of branch manager in a farming community to western superintendent and assistant general manager have fitted him particularly for the management of a bank so closely identified with west.

There is a feeling that the general desire for the freer banking facilities in aid of production can be met by a progressive policy on the part of the recognized banking institutions, said a Union Bank official in discussing the change. It is quite possible that this advantage may be provided by them quite as effectively and certainly as inexpensively as by the proposed voluntary method now under discussion. The change is a very likely coming one. It will be more likely to recognize and adapt themselves to these needs. A Canadian banker must be progressive and at the same time conservative. The responsibilities of his position are very onerous. Our banks fill the office of trustees and stewards of other people's wealth, which they must always be ready to return, but also always make productive. The foreign operations of our banks are as the present crisis of great significance. Adequate banking facilities with representation in allied and neutral countries are going to be fundamental necessary to the development of Canada's trade abroad. Our banks can be no longer mere local institutions whose operations are to be limited by territorial boundary lines. The movement of the Union Bank into New York indicates the recognition by the directors of this fundamental fact.

That the Union Bank should receive its introduction into New York under the auspices of an advisory committee composed of Messrs. Shryvesant, Fish, Cornelius, Vanderbilt and Gilbert G. Thorne, should be highly gratifying. Enjoying complete confidence heretofore the Union Bank will, it is safe to predict, go forward in this new and broadened policy to fill a still wider field of commercial usefulness.

At Brandon last night the thermometer took a big drop, the lowest point this winter being reached. The experimental farm reported 52 below zero this morning.

WELCOME NEWS FOR

LOCAL PEOPLE

People in this town will be glad to hear the mixture of simple such-things, sprouts, etc., known as Adler's, can be obtained at our store. This simple remedy has become famous by curing appendicitis and JUST ONE SPOONFUL of it flows your stomach, gas and constipation INSTANTLY because it drains off such a surprising amount of old foul matter from the body.

Wainwright Pharmacy

UNION BANK OF CANADA Co-operative Saving

is facilitated and encouraged by the opening of a Joint Savings Account in the names of Husband and Wife, Father and Son, Brother and Sister, or any two or more members of the family. Either can deposit or withdraw money at will, and the interest accrues to the credit of both. Ask the Manager for full particulars.

Potato Failure Wrecks German Food Plans

Butler Taggart Says Crop Is 30,000,000 Tons Short of Last Year

The food plans for the current food year have been badly wrecked by the almost complete failure of the potato crop, which the figures are showing will now be three-quarters of the last year's.

Taggart, until 21,000,000 tons were harvested this year, against 31,000,000 last year.

This might have proved almost disastrous, particularly as the potato was not only a staple food, but also a source of income for the farmer.

It is available for many uses, and is a staple food during the winter months.

Food plans have been made by Count Hatzfeldt for pulling through until next summer. The potato ration will now be three-quarters of last year's.

The consequent increased consumption of rice will be offset by a very great reduction in the production of wheat, an exception being made for the export of wheat to Germany.

Despite the failure of the potato crop, the food directors in Germany are confident that the general food situation, thanks largely to the successful wheat harvest of the past year, is not dangerous.

With conscientious economy on the part of the people, Germany will enter the next food year in better shape, economically than she did that beginning last summer.

BABY'S OWN TABLETS

USED TEN YEARS

Mrs. C. E. Stowell, Winthrop, Sask., writes: "I have used Baby's Own Tablets for the past ten years and have found them to be good for my little ones that I always keep a box in the house."

Mrs. Stowell is one of thousands of mothers who keep the Tablets on hand. One mother has used them for her little ones who would use nothing else.

They are absolutely free from opiates and injurious drugs and cannot harm the baby. They are sold by medicine dealers at 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

Reinvesting Profits

Modern Dairying Need No Longer Mean Drudgery

If the dairy has been profitable during the last season, and it probably has, a portion at least of the gains should be reinvested in the equipment of the plant and the improvement of the stock.

Modern dairying need no longer mean drudgery, for the drudgery part of it can practically all be done by machine. And it need no longer be guess work, for modern methods coupled with common sense have reduced the production of profit to a more matter of solid arithmetic.

The common knowledge of a reliable feeding and milking machine has made possible the maximum production at the minimum cost, and the Babcock test and the milk scale can now eliminate the unprofitable animal.

The constantly increasing urban population provides a sure market at good prices for every type of dairy product, and there is every reason to feel that soon, more than ever before, the dairy industry must thrive.

For this reason the reinvestment of profits in the rehabilitation of the herd and the bringing up to date of the equipment is the wisest plan the dairyman can make.

Successful Farming.

"Miss North, it is wasn't for Tennessee Officers that I could be 'I'd be after having something to say to you myself the night."

"Yes, very comfortable you are, Mr. Mulligan, but did you never hear that priest company is always accepted?"

DOESN'T

"No, he's never as well as he might be, and his neighbors are very kind to him."

"Why is Clara so angry with the photographer?"

"She found a label on the back of her picture saying: 'The original of this photograph is carefully preserved.'"

Course Grains and Roughage are Good Food

More Profitable to Feed Stock Than Corn or Hay

The large volume of reports of stockmen and feeders is a matter for serious consideration. This business is not a matter of chance, but of the most serious nature.

As a result, large numbers of young stock and adult have been dumped on the market at a period when prices are not favorable.

After each meal to enrich your blood and help heal the sensitive membranes with its pure oil of cod liver.

The results of this Scott's Emulsion treatment will surprise those who have used irritating anoints and vapors.

Potato Failure Wrecks German Food Plans

Butler Taggart Says Crop Is 30,000,000 Tons Short of Last Year

The food plans for the current food year have been badly wrecked by the almost complete failure of the potato crop, which the figures are showing will now be three-quarters of the last year's.

Taggart, until 21,000,000 tons were harvested this year, against 31,000,000 last year.

This might have proved almost disastrous, particularly as the potato was not only a staple food, but also a source of income for the farmer.

It is available for many uses, and is a staple food during the winter months.

Food plans have been made by Count Hatzfeldt for pulling through until next summer. The potato ration will now be three-quarters of last year's.

The consequent increased consumption of rice will be offset by a very great reduction in the production of wheat, an exception being made for the export of wheat to Germany.

Despite the failure of the potato crop, the food directors in Germany are confident that the general food situation, thanks largely to the successful wheat harvest of the past year, is not dangerous.

With conscientious economy on the part of the people, Germany will enter the next food year in better shape, economically than she did that beginning last summer.

BABY'S OWN TABLETS

USED TEN YEARS

Mrs. C. E. Stowell, Winthrop, Sask., writes: "I have used Baby's Own Tablets for the past ten years and have found them to be good for my little ones that I always keep a box in the house."

Mrs. Stowell is one of thousands of mothers who keep the Tablets on hand. One mother has used them for her little ones who would use nothing else.

They are absolutely free from opiates and injurious drugs and cannot harm the baby. They are sold by medicine dealers at 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

Reinvesting Profits

Modern Dairying Need No Longer Mean Drudgery

If the dairy has been profitable during the last season, and it probably has, a portion at least of the gains should be reinvested in the equipment of the plant and the improvement of the stock.

Modern dairying need no longer mean drudgery, for the drudgery part of it can practically all be done by machine. And it need no longer be guess work, for modern methods coupled with common sense have reduced the production of profit to a more matter of solid arithmetic.

The common knowledge of a reliable feeding and milking machine has made possible the maximum production at the minimum cost, and the Babcock test and the milk scale can now eliminate the unprofitable animal.

The constantly increasing urban population provides a sure market at good prices for every type of dairy product, and there is every reason to feel that soon, more than ever before, the dairy industry must thrive.

For this reason the reinvestment of profits in the rehabilitation of the herd and the bringing up to date of the equipment is the wisest plan the dairyman can make.

Successful Farming.

"Miss North, it is wasn't for Tennessee Officers that I could be 'I'd be after having something to say to you myself the night."

"Yes, very comfortable you are, Mr. Mulligan, but did you never hear that priest company is always accepted?"

DOESN'T

"No, he's never as well as he might be, and his neighbors are very kind to him."

"Why is Clara so angry with the photographer?"

"She found a label on the back of her picture saying: 'The original of this photograph is carefully preserved.'"

When the Araba Went Down

On May 10, 1915, the Araba, a small boat, was wrecked on the coast of the United States.

The Araba, a small boat, was wrecked on the coast of the United States. The Araba, a small boat, was wrecked on the coast of the United States.

When the Araba was hit the sea was as smooth as glass. A man was standing on the rail just above the spot where the torpedo struck.

He called to his companions, "Come and see the torpedo strike the Araba. It is a very interesting sight."

The passengers quickly and quietly got on the Araba and took their places. The boat in which they were to leave the ship. One or two boats were smashed in being lowered, and the women and children were ushered to other boats by the men.

When the boat was lowered, the men and women slid down ropes into the water. The only mishaps were a slight bruise to the head of one of the women and a slight cut to the arm of one of the men.

A nurse and a child were in a cabin close to the Araba. The Araba was hit by a torpedo. The Araba was hit by a torpedo. The Araba was hit by a torpedo.
